TRUSTEES OF THE PEABODY INSTITUTE

Audit for the Year Ended December 31, 1941

Boston, Mass., April 28, 1942

Trustees of the Peabody Institute,
Peabody, Massachusetts

Gentlemen:

In accordance with our instructions we have audited the books and accounts of the Treasurer of the Trustees for the year ended December 31, 1941.

The cash balance as shown by the cash book and general ledger were in agreement with the bank statements and certificates of balance obtained from the Warren National Bank as of December 31, 1941 after allowing for outstanding items. All receipts from interest, dividends, rents, City of Peabody appropriation, etc. as recorded were checked to the bank statements. All disbursements were supported by cancelled checks and vouchers, the vouchers being properly approved where such approval was necessary.

The securities and savings bank books representing the investments of the various funds were examined and found to be on hand or properly accounted for as required by the records. The securities investments are listed in detail in Exhibit E with notations showing which bonds have the principal, or principal and interest, registered. The savings bank accounts were verified by correspondence with the banks.

The Institute building accounts, real estate investment accounts, and fund principal accounts are shown on the balance-sheets at book value without further verification, and have not changed during the year.

The income from interest on bonds, dividends on stocks, and savings bank dividends has been verified and all found to be accounted for properly. The rate of income from securities and savings bank deposits for 1941 was 3.65% on the book value of securities and cash at the beginning of the year.

Gross income from real estate rentals (not allowing for expenses) was \$3,359.50 or 8.24% on the book value of the outside real estate investment compared with \$3,207.50 or 7.86% the previous year.

Very respectfully,

SEAMANS, STETSON & TUTTLE,

Certified Public Accountants

REPORTS OF COMMITTEES

To the Trustees of the Peabody Institute:

Gentlemen:

The reports of the Librarians and of the Sub-Committees of the Lyceum and Library Committee are herewith submitted. They present in full the work of the Institute for the year ending December 31, 1941.

Respectfully submitted,

J. T. O'NEIL,

Chairman, Lyceum and Library Committee

REPORT OF THE LIBRARY COMMITTEE FOR THE YEAR 1941

To the Lyceum and Library Committee:

Once more, as in the year 1939, we find that our circulation has failed to show the expected increase which, in a considerable degree, is a measure of our usefulness as a library.

However, the rapidly changing conditions of the past years have increased employment and reduced the leisure time of our people and with it the time available for reading.

On the other hand, the serious reduction in the money appropriated for the use of the library has prevented the buying of new books and the repairing of used books in sufficient quantities for our needs.

Our most serious lack however would seem to be our inability to purchase the technical books for which we have an ever increasing demand.

These demands, together with the universal rise in cost of all materials, are bringing us face to face with a problem which must be solved if we are to continue operating as a useful modern library.

Also, there has been a reduction in the amount of outside help which we have been receiving through the N. Y. A. and W. P. A. Their personnel has been very materially reduced, and projects which they have worked on are progressing very slowly.

Our contribution to the war defense work in our city is a very substantial one. Mr. Masterson has been asked to serve as air raid warden for the city, and is spending a large amount of his time and energy in this very difficult post. Further, as their contribution to the work, his assistants are taking care of his work when he finds it necessary to be absent.

The loyalty and cooperation of Mr. Masterson and staff in the interests of both the Library and our City as well continues to merit our most generous appreciation.

J. T. O'NEIL,

Chairman Library Committee

Reading Room Committee Report 1941

At a meeting of the Reading Room Committee, the periodicals now subscribed to were approved. We hope that some means may soon be found to enlarge the Reading Room as it is far too small to accommodate those desiring to use it.

MARION E. O'KEEFE,

Chairman, Reading Room Committee

Annual Report of the Lyceum Committee — 1941

Due to the limited resources of the Library this year, it was considered inadvisable to expend any large amount for lectures.

The hall was granted free of charge for the Wallis and Center Schools for W. P. A. band and orchestra concert.

In addition to this the hall was given for classes for Air Raid Wardens for National Defense.

Respectfully submitted,

WILLIAM A. WELCH,

Chairman, Lyceum Committee

LIBRARIAN'S REPORT

To the Library and Lyceum Committee,

Ladies and Gentlemen:

I herewith present the ninetieth annual report of the Peabody Institute Library.

Our circulation statistics for 1941 show a decided decrease from the figures of recent years, being approximately 10% lower than the 1940 total.

This decrease can be attributed to several factors. The action of the city in cutting our appropriation by \$2000, in the face of increasing cost of books, binding and all library material, made it impossible to supply our patrons with sufficient books for the year. Books, necessary for both adult and children's use, are lying idle in our basement, waiting for funds to pay for their repair. Unless greater financial help is given immediately, we shall be forced, through lack of books, to discontinue our school deposits for children in the outlying districts.

Better business is another factor in our circulation decrease. Many of our patrons, now working overtime, have little leisure to spend in reading. We have, however, been faced with an increasing demand for modern books on all mechanical and technical subjects. Due to lack of funds, we have been unable to meet this demand as we should, and many of our citizens are being deprived of the opportunity to better themselves.

During the year, the W. P. A. project has been continued. This involves cataloging and indexing all available material pertaining to the history of Peabody. The personnel of this project has been cut in half, and it will be some time before this work will be completed.

Our N. Y. A. help, which we have had for the past several years, has been practically discontinued, due to existing conditions. They rendered valuable assistance to us, and with their help much was accomplished which otherwise could not have been attempted.

During the year we replaced the electric light globes in the Main Library with globes of thinner glass. This does not solve our lighting problem, but is a decided improvement.

In conclusion, I wish to acknowledge the helpfulness and assistance of my staff and to express my sincere appreciation to the committee for their counsel and co-operation during the past year.

Statistics in the usual form are appended.
